

Project FAIR-IMPACT

Open call for financial support

FAIR-IMPACT – Expanding FAIR solutions across EOSC

FAIR-IMPACT identifies practices, policies, tools and technical specifications to guide researchers, repository managers, research performing organisations, policy makers and citizen scientists towards a FAIR data management cycle. The focus is on **persistent identifiers (PIDs), metadata, ontologies, metrics, certification and interoperability**.

Open call – cascading grant

- **Aim** – via cascading grants to enable testing of specific tools, approaches and methods (guidance and assistance are provided to successful applicants on implementing one or more tools and approaches).

Call (second Route 2 call - testing of specific tools, approaches and methods)

- Open till **31st March 2024**
- [Five support actions](#)
- Each grant between **4 000 to 10 000 Eur**

Detailed information

- **Informal virtual clinic for potential applicants on 12th March from 16:00-17:00**
