What is AAI

- Authentication and authorization infrastructure
- Collection of software components and policies
- Access and protect data, services, instruments
- Federated environment

- Solution for NRP: e-INFRA CZ AAI powered by Perun AAI

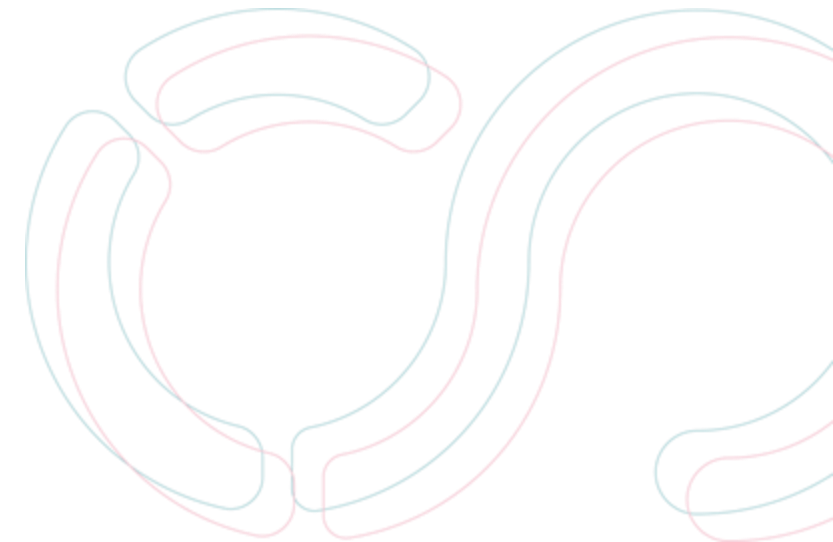

AAI for scientists, researchers, academics

- **Single sign-on**
 - Fewer registrations
 - Fewer logins over time
- **Identity linking**
 - Link your identities
 - Use any to log in

AAI for data, service, instrument owners

- Identity vetting and assurance
 - Who is this user really? How sure are you?
- Collecting required attributes
 - What is their affiliation? Do they have a certificate?
- Issuing authorization tokens
 - Delegate authorization to AAI

Thank you.
