

# Training of trainers

Key activity 7 of the NRP

Dagmar Hanzlíková & Anastasia Avdeeva

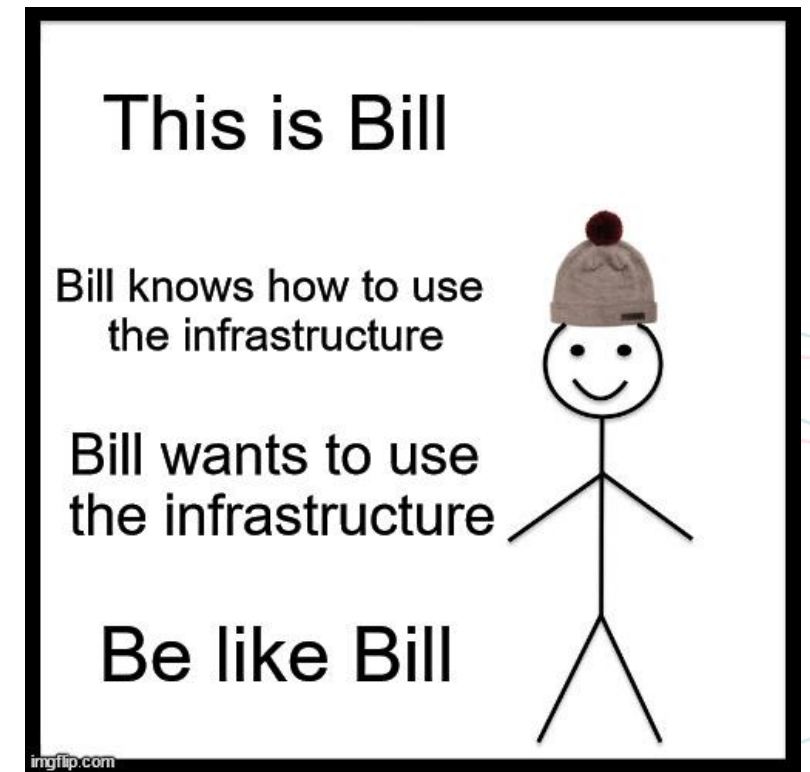

Co-funded by  
the European Union

# Implementing a new infrastructure

## What do you need?

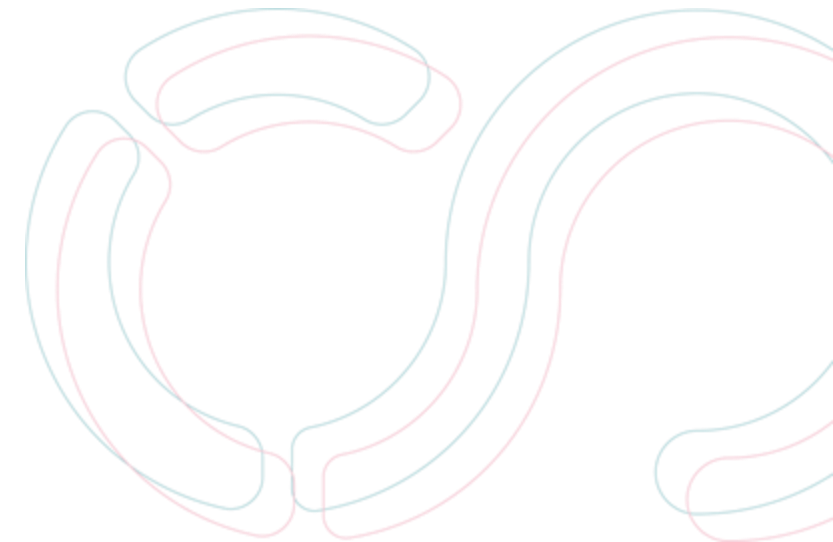

- Resources
- People who build the infrastructure
- Clear policies and guidelines
- **Trained researchers**
  - Researchers need to organise their work differently (FAIR)
- **Trained support staff**
  - Researchers need support to do that

# Trained researchers

## EOSC CZ: [Training Centre](#)

- Organising trainings and events
- Both general and specialised topics
- Is there a topic you would like to get covered?  
➔ Get in touch! [events@eosc.cz](mailto:events@eosc.cz)

# Trained support staff

## Main goal of NRP KA7!

- Complementarity with EOSC CZ Training Centre – working closely together

### EOSC CZ

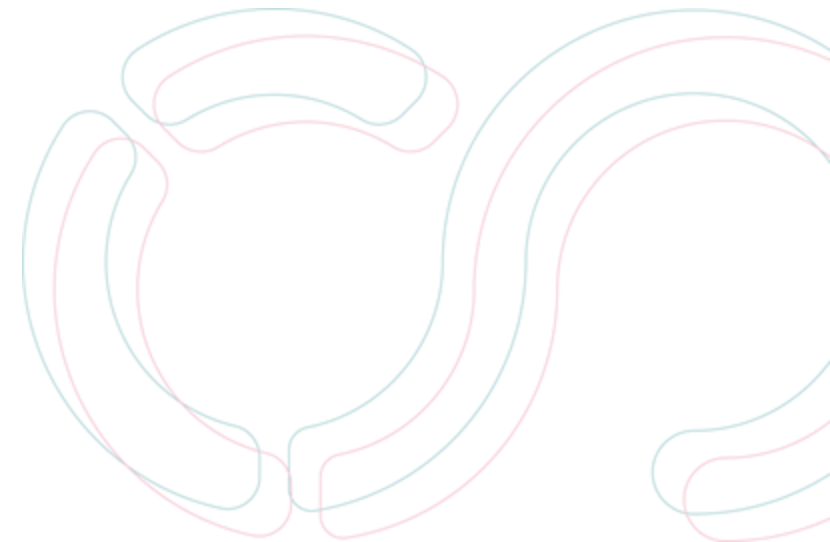

- Broader expert community
- Wider public
- Broader range of topics

### NRP KA7

- Focusing on NRP services
- Training of trainers
- Target audience: Data support staff at institutions (data stewards)

# What's a data steward?

- Not a single definition – various roles
- Administrative or research position?
- Both (but separate!) – they need a different set of skills

# Data steward

Generic and  
advisory role

Field specific  
knowledge and  
hands-on support

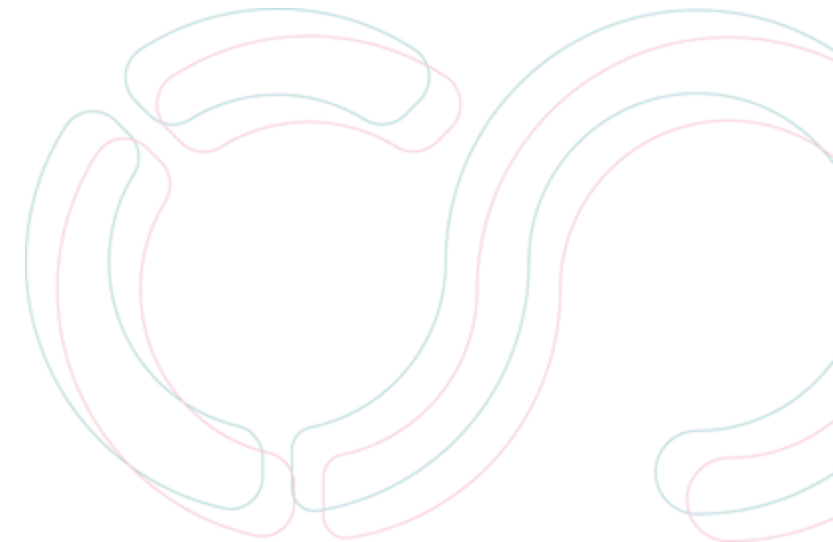

# Trained support staff in practice

## Data Stewards Community

- 250+ members across institutions in Czechia
- Institutional DS, research team DS, people who are interested in RDM
- Best practices exchange
- Networking, regular meetings

<https://discord.gg/2vQk5BRE9q>

# Trained support staff in practice

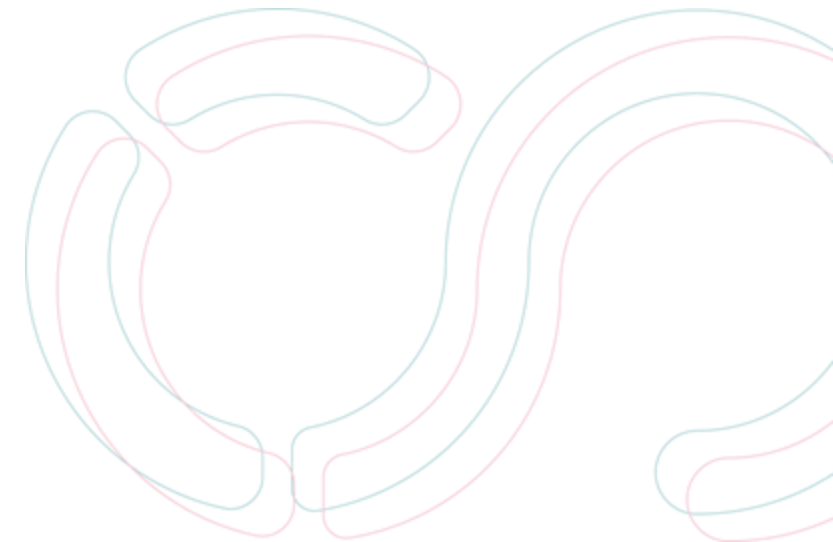

- Training materials – with the community for the community
  - **FAIR Handbook for Data Stewards in Czechia**
    - Comprehensive document describing FAIR principles – a handbook for data stewards on FAIR principles
    - Living document
  - **Handbook for Beginner Data Stewards**
    - Based on an internal UK document for data stewards  
→ General Handbook for Beginner Data Stewards
- Consultations (group and individual)
  - 13 November: Meeting with new data stewards

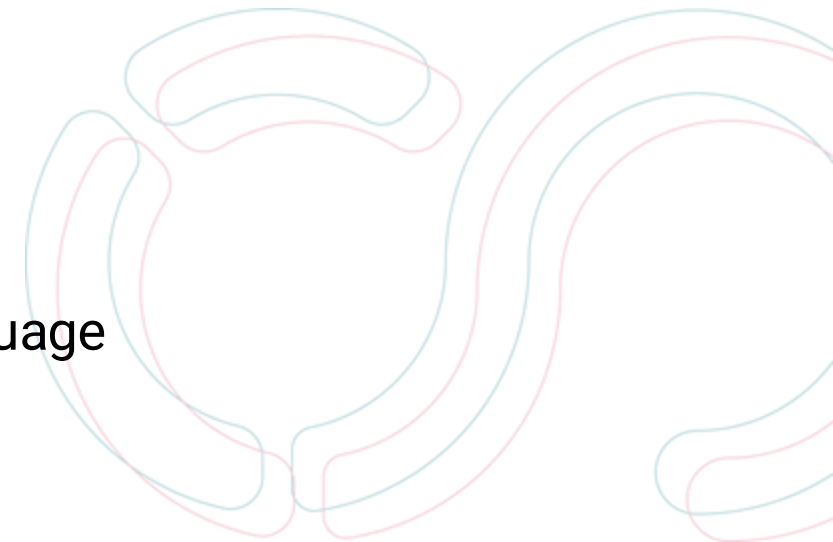

# Events for data stewards

- In person meetings of the data steward community
  - Twice a year
  - Last meeting in September 2024 (Carolinum, Charles University)
    - A great success with positive feedback
    - 55 participants attended in person and 20 joined online
  - Networking, workshops
- Summer school
  - In cooperation with EOSC CZ Training Centre

# KA7 NRP: Beyond data stewards

- Training materials on NRP services
  - Working closely with other Key Activities
  - Feedback from the data steward community
  - Available for reuse to include institutional context – even for non-member institutions!
- Consultations on how to implement NRP services
  - Covering all repository systems in NRP KA7
  - Translating technical concepts into clear, comprehensible language

# Thank you.
